Why **PCA**?

CONSISTENCY

We continue to provide superior engineering and construction oversight services to our clients.

RELIABILITY

As knowledge based leaders, we provide quick and consistent results that our clients trust.

CUSTOMER FOCUS

We value our clients as the lifeline of our organization and we treat each client as our only client.

SAFETY

Safety is always priority. We promote safety through education, demonstration, and stewardship.

What's New?

- Battery Energy Storage Systems (BESS)
- PCA has assisted with 8 battery storage installation projects
- Some of these installations were coupled with renewable energy resources such as wind and solar
